

God Is: Meditations on the Attributes of God

God is ... Near

John 1:14-18

For the Lord God Omnipotent reigneth. He is transcendent over all creation. He sits enthroned in the heavens above. And yet during this season we celebrate his nearness. He is immanent among all creation. He lays enwrapped in a manger below. This juxtaposition accentuates the love and mercy of our Savior God – who made himself nothing so he could give everything to all who would believe.

1. He is the Transcendent Word

2. He is the Immanent Word

3. He is the Revealed Word
