

## Galatians: Faith Alone in Christ Alone Sowing and Reaping Galatians 6:6-18

Paul concludes this letter to the Galatians with a final appeal to reject the false gospel they've been entertaining and to invest deeply in gospel-centered ministers and ministries in the church. That's the same response expected of those who have died to a slavish dependence on the world's praise and acceptance. Those who know they are already loved and accepted because of the cross of our Lord Jesus Christ.
