

Faith at Work: Integrating Christ and Your Career

Created to Work

Genesis 2:1-15

Some people live to work. Their work is their life passion. Others work to live. They view work as a means to facilitate their real passions in life. Which is it for Christians? How should we view our God-given vocations? Is there meaning and purpose in the work itself? But where do you draw the line, so that your work doesn't end up defining you?

1. Work is good

2. Work is not God

3. Work is worship
