The Coming King: Advent Messages in Matthew's Gospel

Out of Egypt

Matthew 2:12-23

During this season of Christmas cheer, we rarely consider the cosmic battle that took place during our Savior's birth. We ignore the blood that was shed and the cries of agony that pierced the silence of those fateful nights. It does a soul good to meditate on these grim realities.

1. An incredible escape (vv12-15)

2. An agonizing slaughter (vv16-18)

3. An obscure upbringing (vv19-23)
