
If God is For Us: The Life and Trials of Joseph

The LORD Does Not Forget

Genesis 40:1-23

The experience of delay is a common occurrence in the life of faith. Many biblical figures are characterized by a posture of waiting. Joseph waited thirteen years before his dreams started coming true. And that's a short interval compared to others. But regardless of the duration of delay, the eyes of faith recognize that the LORD has not forgotten and will fulfill his promises at the right time.
